

Musical opportunities in WEC

There are many opportunities for musical involvement with WEC International.

Here is a sample of various regions where there are known openings:

- Southern Europe
- Central Asia
- West Africa
- The Far East
- South Asia

What Kind of Opportunities are There?

- Teaching music to nationals
- Helping nationals to write songs
- Researching music
- Learning the local music
- Teaching music to missionary children
- Using music in teaching English
- Short-term music teams
- Helping in radio work

A Music and Arts Team

WEC UK is looking for gifted musicians and artists to start a new music and arts team to be based in the United Kingdom. This team would need to be very flexible and available for leading worship in the context of sharing the needs of the unreached peoples of the world. Members of this team would be expected to travel within the UK and sometimes travel to WEC fields to assist in musical ministry. A heart for the unreached people groups of this world is essential. We are looking for musicians and artists ready to submit their creative gifts to the service of God and others.
