Session Monitors Still Needed for GCoMM

We still need more moderators and secretaries for the **geographical** breakout sessions as well as the **interest group** sessions that will be held at GCoMM. Please write to pne...@bethel.edu if you are willing to serve in this way.

"ICE Announcements" Forum to be Launched in June

The **ICE Announcements** forum will be the primary means for you to be kept informed of the ethnodoxology-related opportunities and announcements of ICE partners and associates. Any ICE associate can make posts to this forum. Topics may include **news** of job appointments or ministry changes, **awards** and **achievements** (such as graduations, etc), interesting **events** like conferences and/or training courses, **opportunities for ethnodoxology ministry or involvement, or any other announcements related to ethnomusicology or ethnodoxology topics.**

Note: All ICE forums are moderated, meaning that a moderator has approved each posting to make sure that it is appropriate for the audience and for that forum.

The vision of ICE is that Christians from every culture will have the opportunity to express their faith through their own heart music and arts.

To further this vision, we seek to promote the application of insights drawn from the fields of ethnomusicology, worship studies, and other disciplines in Christian ministries worldwide
