# International Council of Ethnodoxologists (ICE)

... a network for culturally appropriate Christian worship

## Our newest Organizational Partners:

### **Mosaix Global Network**

This network represents a growing movement of believers and congregations seeking to know God and to make Him known through the establishment of multi-ethnic churches throughout North America and beyond. Mosaix (through the efforts of Jim Spoons, Executive Director) is partnering with ICE and others to put on the church-based Ethnodoxology Seminars this coming year. Many thanks Jim!

### **Christians in the Arts Network**

The purpose of Japan CAN is to connect, equip, train, and encourage creative individuals to be effective leaders of church renewal and growth. Directed by Paul Nethercott, Japan CAN accomplishes its purpose through music, media and arts-related projects listed on their site and by cooperating with a broad range of individuals, churches and ministries who share common vision and values.
